

Coordinating Editor's Report AGM 2024

The Review currently has 597 subscribers and is made available through the National website. Two hundred New South Wales Association members receive their state magazine electronically with the quarterly Australian Square Dance Review included. A number of states have links to the Review via their state websites.

It is pleasing to note that state presidents usually present a report in most issues and that information is received from the National Associations during the year.

Advertising is free.

In closing, my thanks go to those who assist in compiling information for the Review and to Kevin Thomas for uploading the Reviews both past and present. The number of magazines that have been scanned has increased however there are still a few gaps. Still looking for copies the end of 1994 to 1996 plus early copies in the 1960's

Special mention to Marion Brown, dec (VIC) , Gary, John & Carol Carpenter (NSW), Nev McLachlan (QLD), Russel Wall (QLD), Frances Hickson, NSW, Debbie Asquith, NSW and Pat Saunder VIC for many of the copies that have been scanned.

- Electronic four copies
- The decline in 2022 is represented by both the passing of some subscribers and some Western Australian's unsubscribing.
- NSW no longer prints the magazine. It is sent electronically.
